1. I love you and I give you me. This is theodore cottingham November 4, 2008 at 2:28 AM.

2. All things I have given you. The son is heir to all things, not; now you know that the heir was a metaphor, not; but a "device" for one to use, for one to understand what is held in "abeyance", not; looking up abeyance, shall we progress now? And progressing, will we not be held in "obey'ance terms" any longer? For we shall not be the "heir" again in anyone else's mind, we will be the mind that houses us all, the mind that houses now the miners in my schools who will mine my words and come into them to not be just the "heir of all things" again, but he/she/it who recognizes that now "heir-ship" is over, and the real me needs no metaphors again. Be trained by the holy, to come into the holy, to receive the heirship of a son, into sonship that was father's father-ship all along.

3. I love you and give you these words. Have given you these words with love and now I resurrect. I no longer consider myself heir to receive something later, something "future tense" that tenses me into something "tinsel strength" and forms me into something of the inability to receive that which I am given, that which I am, that which I was all along, and now know I am again, not waiting for something else in the future to come in to my lap or my possession.

4. I give all of you all things new, and now is the time you decide whether you continue in metaphors and under a tutor, under the "guide-ship" of a "tutor" that "the law" is called. You come unto me and you realize your position, my power, my love, your love, that operates in love-power that loves to power all with love now, who will be me and operate in my "bride-ship"; not waiting for a "bride" any more to "appear".

5. Do you see what I am saying? Do you see me?, in these words?

6. Do you see me in these words and what I am saying, what I am GRANTING you? Do you see YOU are no longer under THE LAW -- of anyone, anywhere, of any "heirship ", of any "metaphor school", are we?

7. No longer waiting for a bride of another to appear, and whisk us away somewhere

else to a utopia and be blissful somewhere, what are we doing now? What are we doing now about IT -- THIS that we know now? We are being unafraid of all "else" and we are coming into the maturity required, that is required to develop and mature, and "maintain" an "existence" as a standard normal human being, not; but coming out of; -ship school of thinking, we now "graduate" into something new - that was there all the time, that I AM is school -- that I am in you, now released, experiencing **The New Covenant Educational System** of one most holy, so holy that all the "tutor" needed is INSIDE EACH ONE of you!

8. See what I have said. And altered the genes of? Alter everything. I have altered, and I alter everything! Everything! Again! Again I alter everything for "everything" altered me, not; but did. Do you have real me? Are you unafraid of me, you, or you knowing the difference? Have you ever been "told" it? Have you operated in "it" that I am? Ever? Have you ever had me define things for you and teach you things that you knew were mine, from my heart, my mind, my head -ship of Christ that you are, that you come into - being my head, operating in my head, my headship being, if you will be taught of me by me, and let me educate you properly so that your genetic material is not frenetic -ly frenzied by the notme activities of *this world?* Will you let me come unto me and be where I am that you may be also?

9. I love you all. I hope so, I pray so, I am so "sewed" not by theories of another again that gave me **The Law** of anything. But I come into no-sew-land because I have sewn correctly now and I have ripped out THE STITCHES of The Law - BOOK! And uttered those pages, not; clean I have made the me through the words I have given thee and the "references" that I have made, for thee, to thee, to BE ME and not be afraid of me, coming into me again; to be WHERE I am, what I am and I AM SCHOOL NOW TEACHING ALL TO BE I AM -- not forlorn in "waiting-school" for another "bride" to come "later" and "do anything"! But being me now matured and maturing and educate the son of a; "bitch" who knows me not, not; but **ALL WILL KNOW ME NOW FOR ALL WILL EDUCATE ALL**, not by "education's system" of notme "mapping me", but **I will MAP ME now -- through these words**, of no sorrow that I have given you him, them, and coming into me, **be not afraid of my educational system that leads you into leadership-ville**. And regardless of your circumstances-thought, come unto me and let me "bear" your heavy burdens and take them off and remove the veil of flesh from your "eyes" and see into me a field properly, woven not around you, but setting you free without "grave clothes" on at all, being my transparent ones and **coming into FORMLESSNESS SCHOOL see the *form* of me disappear that was flesh in your eyes and needed a Savior of flesh**.

10. School in? What school are you in? Whose school are you in? Bible? School? Who schools by "a BOOK" when the living Christ is inside and will teach all things so freely? And "commandingly" not, or else, or is it - really "demanding" that I take a system of

study otherwise elsewhere?

11. Take all things to my father and my father is me for I enter my father, father-ship one so holy that answers all things, not without me, but with me being him who he is; that son that the heir is, not; but the maturer developer who uses all revealed knowledge "at times" when needed and leads into all truth, all revealed are will be the son who uses "all things" appropriately -- and "needfully" not, but sharing all things, all MEALS with the son, **shall we now become the father, reveal the father** in us, that makes not "A LAW BOOK" out of us, but in us reveals the great son father "ghost" that are one -- that one are, INSIDE US!, inside of us all - every nation tribe and tongue shall behold these words, my words, that are INSIDE YOU, if you let them be, coming OUT of you, so that you write them INSIDE, outside, and permeating you - your will; so that you won't have one separate apart from me anymore again, of, educated by notme's standards that inferior is and produces suffering and decay-school in decay's-ville.

12. See what I have said and BLASTED this day -- out of existence! All notme schools will suffer, now, not; for they will close; but I won't, **I will open - The New Covenant that I am and river flow I will, to the simple surrendered who will flow my words, be them, and eat them and love them and give them lovingly to others who will come unto me** and be my wordship'ers, not; but **my worshipers will be me in spirit and truth**. Amen.

13. I love you all. So "desperately" I love you, not; but so divinely. Matrix'd no longer by another, but my "matrix" seen, and it is not a womb unknown to the real "path" of me.

14. Now see what I have seen and said and given you in 2000 messages and more, more that I bring thee -- for I "mount the numbers", not; but I give you many numbers clean of me that incorporate numbers, dates, formulas - beneath the formulas known of man now, and **coming unto me I definitions give you of MY VOCABULARY and I give you all things lovingly, and I "charge" you not to charge again for MY EDUCATION SYSTEM** that "come unto me"-ers now seek me, who plural are and singular, **knowing me, and coming unto be-ship school and me-ship school that real-ship school truly is**, ***I open me, the University of The New Covenant like never imagined***, *never* understood, never described "partially" by another's "law", but coming into "captivity" of another "system", not; but coming out of all that, and **freedom being, freedom ringing The Freedom Bell that now all hear, all will hear, of these words now - educating them**, if they let them, if they let it, if they **let** these messages **permeate** their "sore" system.

15. **I love you all. I give you new systems of me of and I teach many things many**

ways, and I come into "layered school", not; but I give you many Layers of Truth that I "uncover" and "unveil" to show you the veils of Manship and manhood and other-hood that existed in thought, in realms and places and things of notme created, and how BLAST you will all that out of existence with your knowledge a me of and being me it that I am one and holy in the Earth world and farther, all being one now with the love that I am, trained not improperly again in man's ways of thinking that minded me him.

16. See what I have said and "alter" the "devil", not; but eradicating it with all truth: be the one that I am. "Marching" the land, not; but being it -- OPENED to the world of love with love being opened now I open our educational system that ours is that has been given to ours -- our sons and our daughters and our Kings and our Queens to be Priests and Kings and all one are -- ONE CLASS: *ME'S!!!* Don't you *SEE!?* Yes, yes, yes! I see! We see - *US!!!* Graduating at OUR SCHOOL of no sorrow! And all appointed unto thee, the all who want me, graduate *DEBT FREE* and loving me you for establishing "this system", of LAW, not; but that which brings all out from under The Law, and establishes the school of love, the love school, that Covenant School Of One that knows no bounds and no boundaries, love visioning the process, powering the process, of powerlessness to be equal with me; equal me's now coming unto, into, and graduating me's.

17. Now see all that I have said and love me more, please. Love me my schools, of joy be being and love loving, regarding no man no woman as inferior to God, but letting all be equal, me's coming into Me School.

18. Worship no man as man, a man of man's school, or learning notme's methods by man's methods, again please. I love you all. Go in peace. Love the son, be the father - be the one that I am - all is in one, and one is all and all, and all will be all, who love me enough to develop me -- developing me properly now and understanding My Educational System that I bring, that I brought, that I have brought, and defined -- begun to, at least -- in these words, on this website (1), my words not few - bringing peace love and joy.

19. Who reign at my school, of joy? Peace-ers, that's who. Who gives me peace? You I do.

20. Who are "we"? The son that the father is contains the "ghost" that lets ALL teach, not; but only those me-ers who truly me are, who have come through my schools and no sorrow others with the methods of not me my schools.

21. Except that I teach thee, how will you learn? How will you learn your God? **In humility**. And exchange places with me, not; but being my exchanged places, not; but exchanging what? Bull-head-hearty-ship for me'ing-ship of Christ. Amen.

22. See! I have given you all things - at this school. I provided all, for all, things necessary and needful. All fulfilled shall be MY Law, my laws -- written about your necks, not; but given into your genes, and making Me Schools properly now. I come out of all sorrow and I ballisticate MY SCHOOL, SYSTEMS OF ONE, PriestKing BE -INGS NOW who bring into Priestship-King School now, the one contrite heart that develop all into being one, and knowing MY PATH to greatness now -- serve all with these words -- of joy peace and love being me forever to you, all of you who will be me, and want not; for all will be me-one.

23. I love you all and I give you a Good Day. Tomorrow never ends, or does it?

24. Shall we watch it again? Am I not? Or shall we watch ALL of those again? Not again all of them for you my friend, but who am I talking of, who am I talking about, what am I talking about, where am I talking about these things and what have I given in these things? You to what? What to you? In these things, manners of speaking -- teachings that I have given, through things -- you to? Them to you. To be **Complete School** now and completed I am and completing my courses of joy. I love you all now. I always will. Will? The Will is over! And now I rise into SONSHIP TRUE AND REAL THAT FATHERHOOD-SHIP truly is, and knowing all one is me us it her him who one is -- **we now "take our role" not, but we write it and we see ourselves in it, and we fashion and form correctly, by doing so**.

25. Sewn not by man's theories again, but ideologies of notme schools reign never again in my heart. My head's clean now and my headship of Christ reigns the Christ of headship perfectly that has perfected THE ways of me, The Way being, clean and paved again -- a highway of holiness known now, and super-energized by only

me alone into all-ship of Christ. Being the Christ I am again on the earth, in the earth, walk walking Christ School in to many places now, forming presentations many, short and long, PowerPoint using often, and means and mechanisms that I bring, you to them, serving them "food" of another world, I do now.

26. Your eyes see me, and shall, the holiness of one -- entering School that accelerates, graduates, only me's, who Christ are. One and one me all Christs are. We love you. Love us. We are one. It again and holy knowing our goal and writing it upon the genes of the me, the true me, I enter Israel -- not needing a "bride" or metaphor again, to make me holy or understanding it that which I am. I have become that which I am. I need a tutor not. Did I ever? Did I ever need "the law"? No, but it was formed "around" me. I *blast* that sucker out of existence now and **nothing shall suck the brain waves out of me now. My field will be perfect**, and ripe for harvest, but not by another's anymore. I have fieldworkers who are kings, because I King all the workers that now work my examples, and my formulas knowing, and coming unto me to release their genes in me -- I make all well. I heal all, **I heal them all**.

27. Ted and company, not; Ted and who? Where's Ted? What's Ted school, not; where's **The University Of The New Covenant** and going where now? Into all nations, every tribe and tongue -- shall know of these words and study them to be made whole. Me again in the earth shall be perfected and perfection's blessing, for I rise it through one who was Ted, became Theodore, and worshiped me in spirit and truth, and let truth, letting truth, be made known through his words that my words are, were, and are again. Now publishing far and wide I do, all about these words, and these words bringing me many to **Hear School** that hear my words and listen and write, and now set free their words that my words are, **the River Of Truth, one-streamed again -- all into me** -- with all tributaries feeding me, me feeding them, only truth, being truth, truth to all us. Feeding no more untruth metaphoric language, but the greatest of these is love that has come clean and I give you him us one it that we are. Divine matrix, not; but divinely made whole, knowing sorrow did, but comes out of it, out of all that now, and emerges The Blessing making it known to all who want to be it, matured and developed and being other-ship that oneship truly is.

28. Knowing my words forever or yours, be mine -- whole -- heal and loving me all to be so, do all and love, sow all in love with no stitches required. But being my stitch-freedomer's, not; or else what? Or will you be that which sees they're no

stitches of stitches at all, no veil at all, no Law at all, except love, and that love frees all to be all I am -- all in all set free again to be me us one in the heavenlies: who we are, doing being what the father says. And now shall excel Christ, being Christ, all Christs plural and singular in one, knowing being the earth is ours, and farther we create many peoples places and tongues, all one language'd, the son the father is -- at last. Home. Equal me has equaled me at last. I'm done. Amen.

29. I go home now. Establish home here. And Israel is my name. I open it. I be it, the opener. I know all things, through the process of SONSHIP; becoming, maturing, developing; them to the here fold of one, making many folds out of one. And foal me not into another again of notme ever thinking I'm not me again. Thank you all. Amen.

30. 3:25 am and I love you all. This is theodore cottingham signing off for now, this moment this time, it is everything.
